

***Come to a Community Meeting on
Overdevelopment***

Sponsored by

***Brooklyn Borough President
Marty Markowitz
and your local officials***

***Concerned about the demolition of sound housing
destroying the character of your neighborhood?***

Come to a "town hall" meeting to voice your concerns and meet your neighbors who share them.

Bensonhurst - May 10, 2005, 6-10 p.m.

Seth Low Intermediate School, Ave. P between West 11 & West 12 Sts.

(near intersection of Bay Parkway & Stillwell Avenue).

N to Kings Highway, D or M to Bay Parkway, or by B6 or B82 bus service.

Marine Park - May 31, 2005, 6-10 p.m.

Marine Park Intermediate School, 1925 Stuart Street

(corner of Fillmore Avenue at the northwest corner of Marine Park,

near intersection of Nostrand and Gerritsen Avenues)

Q or B to Kings Highway, transfer to B2 to Ave R and Stuart Avenue - walk one block);

B31 (to Gerritsen Avenue and Fillmore Avenue, walk one block),

or B100 (to Fillmore and Stuart Avenues)

Brooklyn has become so popular – and that's great – but not all development is smart development. Are builders knocking down perfectly sound homes in your neighborhood and then constructing significantly larger buildings next to one- two- or three-family homes? Are contractors in your neighborhood respectful or abusive to neighboring properties and residents? Are you concerned about new buildings that don't fit with the character and scale of your neighborhood? The borough president has received a number of calls from residents worried about these issues. Others are concerned about parking, school overcrowding, strained city services, preserving natural light, or maintaining the affordability of their neighborhoods. Please come to one of our community forums where you will have the opportunity to discuss these issues and meet others who share your concerns. We encourage you to bring photos depicting sites you are concerned about in your neighborhood.

Please circulate this flier and announce this event.
